“The one and only
Dutch crypto
manufacturer!”

Who are we?

Compumatica is a leading Dutch Cyber Security company that develops, produces and implements their own products. Each day more than fifty employees are working on security for governments, large enterprises and individual citizens.

At Compumatica we work with short communication lines. Our style of work is the same to our customers, we want to create 'personal contact' with every customer. We deliver tailored security solutions, every new customer case is a new challenge. With our slogan "Cybersecurity with a personal touch" we point out that customers are our first priority.

'Cybersecurity with a personal touch'

What can we offer?

A challenging fulltime job in Uden (The Netherlands) with a young and enthusiastic team. Besides a professional working environment, Compumatica offers a competitive salary, based on a 40 hours workweek.

Enthusiastic?

Send your solicitation to jobs@compumatica.com, and hopefully see you soon! If you have any questions or if you want more information please feel free to contact us: +31(0) 413 334 668.

A screening could be part of the application.
